## BEAU selections

Think outside the box this Valentine's Day with a design-led gift for the love of your life. Court cuddles under a cosy throw or snuggle up on a love seat made for two. Fallen for a tea-lover? A smart pot for their brew could be the way to their heart. Ask them to be yours with a bag fit for the finest arms, or if all else fails, pamper them with velvet cushions. Single and proud? If some self-love is in order, the recipient of one of these treats could even be you.
